HOW TO ASSEMBLE YOUR PASSPORT

1. Place the printed page in front of you with the circle, square, star or triangle in the lower right corner.

2. One page at a time, fold the top back so you can still see the shape in the lower right corner.

3. Fold the left side back and to the right so you can still see the shape in the lower right corner.

4. After you’ve folded all 4 pages, place them in the following order:
   - Top has circle in the lower right corner.
   - Insert the square page into the folded circle page.
   - Insert the star page into the folded square page.
   - Insert the triangle page into the folded star page.

5. Line them all up and staple them together.
