The meeting was called to order at 4:30 p.m. by president Susanne Chitwood.

**MINUTES**

Mr. Miller made the motion to approve the minutes of the October 7, 2019 meeting. Mrs. Caskey pointed out that the minutes showed her as being both present and absent. The minutes should be corrected to read that Mrs. Caskey was present at the October meeting. Mr. Colwick moved to accept the minutes as amended, seconded by Mrs. Harris, and passed unanimously.

Mr. Eifert asked the board to set salary and benefits for Lisa Munger when she becomes children's librarian on January 1. By policy, employees do not earn vacation time until they

have completed a year of employment. Due to the professional nature of her job, Mr. Eifert requested that she be granted vacation time when she begins full-time employment. After discussion, Mrs. Harris moved to establish a starting salary of \$32,500 plus two weeks of vacation for Lisa Munger. Mrs. Caskey seconded the motion, which passed unanimously. The board will revisit her salary after six months of employment.

**OPERATIONS**—Discussion was held on the necessity of replacing the roof in the spring.

#### **LIBRARIAN'S REPORT**

- The library has had a practice of requesting reference information at the time that a library card is established. The reference must be someone who lives in Sikeston in a separate residence from the patron. Mr. Eifert cannot find this practice anywhere in the library policy manual. This practice is creating a barrier for patrons who may be new to the area or who purchase an out-of-district card. The board agreed that this practice could be discontinued.
- Joe Green is putting together a proposal to add lighting to the south side of the building to light the alley area better.
- Mr. Eifert expressed concern that wages for hourly employees are not keeping pace with the yearly minimum wage increases. The board requested that he create a salary schedule for hourly employees that would set wages based on years of service and a percentage over minimum wage.

- Mr. Eifert updated the board on the progress toward becoming a provider for fingerprinting services. He has received mixed messages from within Idemia regarding how the process will work, and he received a negative report from the previous service provider in Sikeston. **Budget Transmittal Message  
Fiscal Year 2021 (FY21)**

To the Mayor and City Council,

In accordance with the Sikeston City Charter, the City's proposed budget for Fiscal Year 2021 (July 1, 2020 through June 30, 2021) is hereby submitted.

The FY21 budget preparations and projections are dominated by uncertainty surrounding the economy and the effects of the COVID-19 pandemic. At the time the recommended budget was submitted to the City Council, Scott County had the most cases of COVID-19 in all of southeast Missouri, and we had been under stay at home orders from the city, county, and state for over three weeks. Most non-essentials businesses and business activities in our community had ceased, and even some essential activities had been curtailed in order to achieve as much social distancing as possible.

While most big box retail in Sikeston continued to operate, open hours at some stores were cut and the number of customers allowed in the stores had been limited. Restaurants were closed for dine in eating and only offered drive through, carry out, or delivery. Many smaller retail and service businesses were closed entirely, and many employees in the community had lost their jobs or had hours cut.

By the time this budget is officially adopted by the City Council, we will still largely be in the dark about the fiscal impacts of the COVID-19 pandemic. We expect that sales taxes will drop due to business closures and people having less disposable income. As travel has decreased significantly, we expect to see a drop in gas tax revenue. How long those dips will last, and how deep they will go, is difficult to predict. An upturn in the economy as businesses begin reopening in May, combined with low gas prices leading into the summer travel season, may blunt the impact. A second wave of COVID-19 infections later in the year may plunge the economy into a deeper recession.

Because of all these unknowns, the recommended budget is conservative, and we are prepared to make mid-year spending cuts as we find out what the true impact of COVID-19 on our city revenues turns out to be. The budget provides a 3% wage increase to most employees, or a \$1/hour increase for certain positions at the lower end of the pay scale where increases to the minimum wage have impacted our ability to hire new employees. The recommended budget does not spend all of the revenues we are projected to collect, in order to give us some cushion if those revenues are impacted by the pandemic. In addition, spending cuts or delays including the following may be implemented as needed:

- Travel and Training Budget Cuts
- Hiring Freezes
- Delayed or Canceled Capital Equipment and Projects

Despite the uncertainties, and expecting mid-year adjustments, the recommended budget is balanced, makes modest additions to reserves, and achieves significant capital improvements.

## **Mission and Vision of the City**

Sikeston is organized under Missouri state laws as a Constitutional Charter City, governed by the City Charter adopted by Sikeston voters in 2002. The City provides traditional municipal services including police and fire protection, street and park maintenance, 911 dispatching, storm water management, airport maintenance and operations, economic development, planning and development services, animal control, municipal court, and other associated services. Residential trash service is provided by the City through a contracted vendor. The Sikeston Board of Municipal Utilities is a separate public entity (not covered by this budget) providing electric, water, and sewer services.

The City of Sikeston Long Term Strategic Plan, adopted in 2009 and updated in 2016, identifies four performance areas as key to Sikeston's future: economic development, education, housing, and quality of life. The City Council reviewed and affirmed in 2019 the following goals areas as priorities for the city staff and Council:

- Housing
- Economic Development and Marketing
- Revenue Enhancement and Financial Stewardship
- Quality of Life

Services provided by the City of Sikeston are vital contributors to the goals identified by the Strategic Plan and the City Council.

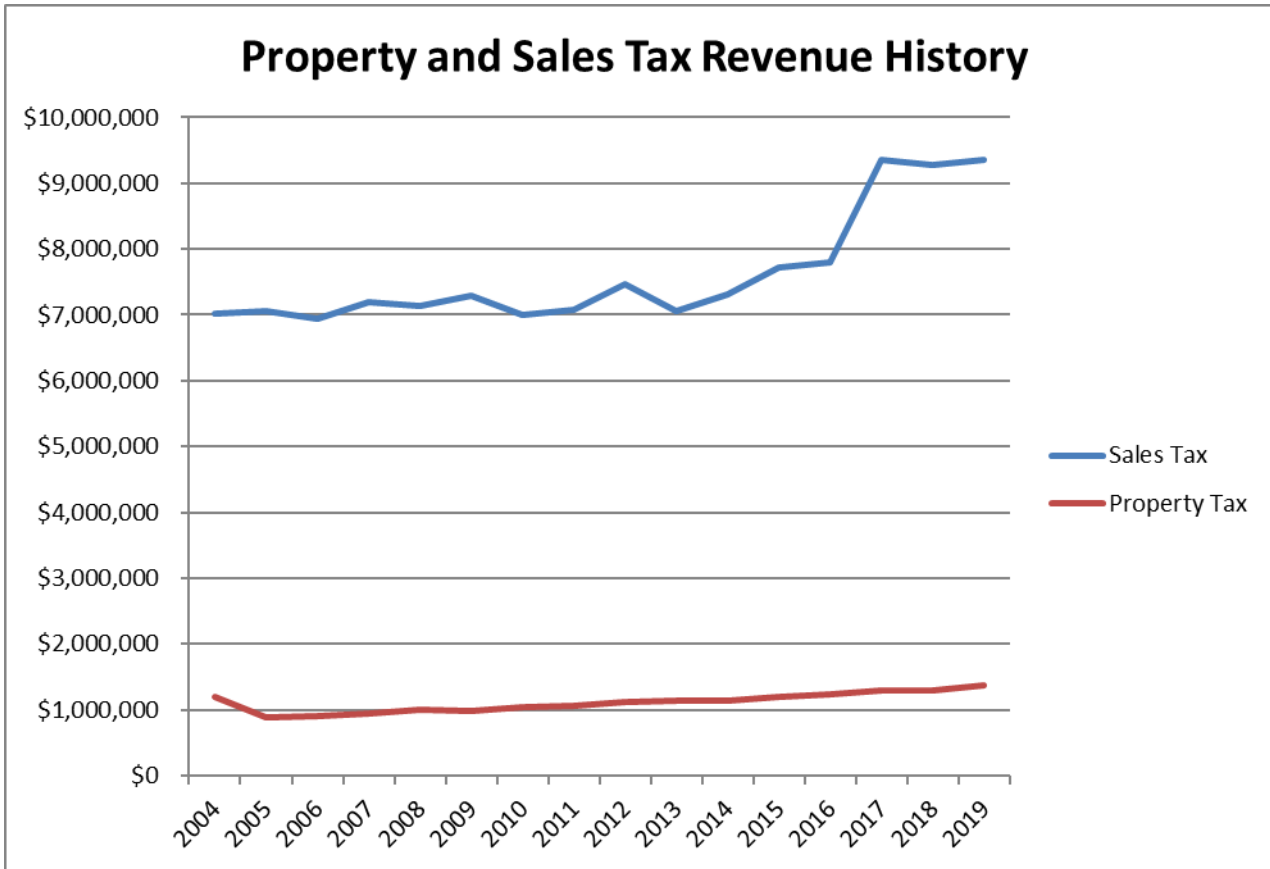

## **Revenue Sources**

### ***Property and Sales Tax Trends***

The dominant long-term assumption for our budgeting purposes has been flat revenues. As seen in the chart below, property tax and sales tax revenues were relatively flat from 2004 through 2014. Fiscal years 2015 and 2016 saw sustained increases in sales tax revenues, FY17 reflected the new ½ Cent Capital Improvement Sales Tax, and sales taxes have been relatively flat since then. Year to date for FY20 sales taxes are up 1% but the gains may be erased by the time March and April (when COVID-19 restrictions began) sales taxes are received by the city. After the property tax reduction associated with passage of the one cent sales tax measure in 2004, property tax revenues have grown at a steady but slow rate.

For FY21, we have budgeted no increase in sales tax revenues compared to FY20 projected receipts. If revenues come in lower than budgeted, which we fully expect, mid-year adjustments to expenditures will be made. The graph below also illustrates the City's relative dependence on sales taxes vs. property taxes and the importance of growing our sales tax generation. The graph accounts only for the City of Sikeston sales taxes, and does not include the use tax, franchise fees or other taxes that might be grouped with sales taxes.

In November 2019, voters approved a city use tax. Collection of the use tax started in January 2020. At the time the recommended budget was submitted to the City Council, only January and February taxes had been remitted to the city, so we have very little data on which to base our projected use tax revenue for FY21. Nevertheless, based on only those two months, we have projected \$296,449 of use tax revenue for FY21.

**Property Tax Rate**

The precise property tax rate (for real estate and personal property) will be adopted by ordinance by the City Council after going through a process to review compliance with the Missouri Hancock Amendment. First, the Scott County and New Madrid County assessors’ offices will determine the appraised value of property in the city. Commercial, residential, and agricultural properties are then assessed at different percentages of the appraised valuation in order to determine the assessed valuation, and the tax rate is applied to the assessed valuation. After the counties determine the assessed valuation of property within the city, the Missouri State Auditor’s Office reviews the valuation and the tax rates for compliance with the Hancock Amendment, which requires that if the assessed valuation of property within the city increases faster than inflation, then the City must reduce its maximum authorized current levy. After the State Auditor’s Office review is complete the City Council will adopt the tax rate prior to the statutory deadline of September 1, 2020.

The City of Sikeston’s current property tax rate is \$0.7989 per \$100 dollars of assessed valuation (an explanation and example of how that property tax rate would be applied to a residential home will follow). Portions of that rate are designated for certain purposes:

- General Fund: \$0.4171
- Public Library Fund: \$0.2000
- Public Parks: \$0.1818

Total: \$0.7989 per \$100 of assessed valuation

Commercial, residential, and agricultural properties are assessed at different percentages of appraised value:

- Commercial: 32%
- Residential: 19%
- Agricultural: 12%

To estimate the city portion of real estate taxes on a residential property, first determine the assessed valuation of the property by multiplying the appraised value of the home (as determined by the county assessor's office) by 19%:

$$\begin{array}{r} \text{Appraised value of home} = \$100,000 \\ \text{Assessed valuation} = \frac{\text{X } 19\%}{\$19,000} \end{array}$$

Then divide the assessed valuation by 100 (because the city tax rate is calculated per 100 dollars of assessed valuation) and multiply by the tax rate of 0.7989.

$$\$19,000 / 100 = \$190$$

$$\$190 \times 0.7989 = \$151.80$$

Appraised Value of Home	Assessed Valuation	Approximate City Real Estate Tax Bill
\$100,000	\$19,000	\$151.80
\$150,000	\$28,500	\$227.69

### **Sales/Use Tax Rates**

Portions of Sikeston fall within two different counties, Scott and New Madrid, and different sales tax rates apply in each county. Various entities, including the City of Sikeston, levy sales taxes within their jurisdictions. The City of Sikeston receives three cents for every one dollar of taxable sales within the city limits (i.e. a rate of .03000). There is also one special taxing district within the city, the Main and Malone Transportation Development District (TDD).

<b>Taxing Authority</b>	<b>Rate Within Scott County</b>	<b>Rate Within New Madrid County</b>	<b>Rate Within Main &amp; Malone TDD</b>
State of Missouri	.04225	.04225	.04225

Transportation Development District			.01000
<b>Total</b>	<b>.08225</b>	<b>.09225</b>	<b>.09225</b>

Sikeston also has a voter approved use tax in place, in an amount equal to current total city sales tax rates (currently 3%) which applies to sales from out of state vendors that are intended for use or storage in Missouri. Because this is a use tax and not a true sales tax, it only applies to vendors with a “nexus” with the State of Missouri, such as a contract with the state government or assets such as facilities or employees in Missouri. Collection of the use tax started in January 2020.

### **Fund Balances (Reserves)**

The City’s finances are split into various funds. Each of these funds has a “balance” at the end of the year which serves as the City’s reserves. These reserves are important both for emergency preparedness and cash management purposes. Maintaining healthy fund balances is also important because of the City’s heavy reliance on sales tax revenues. Sales tax revenues are somewhat unpredictable, and could be dramatically affected by decisions of individual retailers, by efforts of the Missouri General Assembly to carve out special interest tax exemptions, or by significant economic events.

Here are some things to know about fund balances generally, and about the effect of this budget on the fund balances:

- City funds are classified as either restricted or unrestricted. Restricted funds may only be used for certain purposes. For example, the Tourism Fund may only be expended on items related to promoting tourism. The Transportation Tax Fund, Park Fund, Capital Improvement Sales Tax Fund and E-911 Fund are also restricted funds. The General Fund, Sales Tax Fund, and Municipal Court Fund are all unrestricted funds. Unrestricted funds may be spent on any lawful City purpose.
- The Government Finance Officers Association (GFOA) is a professional association providing financial policy research and best practices for government finance. GFOA notes that the individual circumstances and risks a city may face dictate different levels of fund balance in order to mitigate those risks. Risks to consider may include: revenue volatility, ability to

increase tax revenue, risk of infrastructure failure, vulnerability to extreme events including weather and other natural disasters, exposure to lawsuits, and cash flow needs.

- City policies call for minimum fund balances for restricted funds of at least 15% of revenues, and minimum fund balances for unrestricted funds of at least 25% of revenues. Individually, all fund balances in the FY20 budget comply with these policies, except for the Tourism Fund because all tourism revenues from the bed tax are transferred to the Chamber of Commerce for operation of the Convention and Visitors Bureau and no balance is retained by the City. Collectively, both restricted funds and unrestricted funds easily comply with the fund balance policies, with the overall fund balance for all major funds equal to 44% of revenues.
- The recommended budget adds \$147,887 to the General Fund balance, \$146,275 to the Essex Fund Balance, and \$35,921 to the Capital Improvement Sales Tax Fund Balance. All other major fund balances remain the same. No fund balances are reduced in the recommended budget.
- The General Fund balance of \$4,122,550 is equal to 53% of revenues.
- The Essex Fund balance is increasing as it is paid back from 60 West TIF District. Money from the Essex Fund was used in FY16 to build roads in the TIF district, and TIF funds will continue to pay back the Essex Fund up to \$800,000.
- On-going expenditures, such as personnel costs or routine maintenance, need on-going funding sources. For some one-time expenditures, such as catching up on deferred maintenance or investing in a new building or piece of equipment, it may be appropriate to use a one-time funding source, such as a grant. Spending money out of fund balances is another one-time funding source. In the FY21 budget, I am not recommending that we spend down any fund balances.

### **Employee Compensation, Benefits, and Staffing**

**Compensation Adjustments** - The budget as currently drafted includes a 3% general wage increase for all regular employees, except for skilled workers, their supervisors and communications officers. These employees will receive a \$1/hour increase for market competitiveness, including the rising minimum wage, which is making it more difficult to recruit for city jobs. Employees are also eligible for merit based raises every 2 or 3 years, depending on their tenure. Last year a 1% general wage increase was provided to all employees.

The median hourly wage of City employees is \$19.19/hour, or \$39,912/year.  
The mean hourly wage of City employees is \$21.05/hour, \$43,793/year.

**Employee Health Insurance** – The City has not had an increase in health insurance premiums for the last 5 years. The City’s employee health insurance is self-funded rather than fully insured, which means that the city pays actual claims out of its own health care fund. This year we have budgeted the city’s contribution to the health care fund to cover the expected claims rather than the maximum claims, because we have built up reserves in the health care fund to a sufficient amount that we are comfortable that even in a bad claim year we would have sufficient to cover the claims. This resulted in approximately \$350,000 savings to the city.

**Veteran’s Day Holiday** – In the past, Veterans Day has been a “floating holiday” where city offices are open and employees may either take the day off, or if they work they will receive an extra day in their personal leave balance. This budget converts Veterans Day to a regular holiday when offices are closed and only 24/7 operations such as public safety and dispatch will operate.

### **Capital Improvements**

Sikeston voters approved a ½ cent Capital Improvement Sales Tax which went into effect April 1, 2016, which has been a game changer in the City’s ability to invest in equipment, street improvement projects, and park improvements. State statutes allow capital improvement sales taxes to be spent on new capital assets and maintenance of capital assets. Capital improvements included in the FY21 budget are outlined below.

**Other Significant Issues and Changes from Previous Budget**

Other significant issues and changes from the previous budget year include the following:

- **Ingram Overpass Project:** Sikeston was awarded \$2,050,000 from the Governor's Cost Share program toward an overpass and outer roads connecting Ingram Rd near Wing Elementary School to Highway 61 south of Highway 60/Future I-57. The estimated costs of the projects are outlined below:

\$750,000	Right-of-Way Acquisition (City)
\$2,750,000	Bridge (MoDOT Contract)
\$296,320	N. Ingram (City Contract)
\$244,000	S. Outer Rd (City Contract)
\$818,200	Storm Sewer (City Contract)
<b>\$4,858,520</b>	<b>TOTAL PROJECT</b>
-\$2,050,000	Governor's Cost Share Program (Revenue)
<b>\$2,808,520</b>	<b>CITY SHARE OF PROJECT</b>

At this time, MoDOT expects to put this project out to bid in May 2021. Before then, they will want the city to deliver to MoDOT \$2,750,000, the cost of the MoDOT portion of the project. Then as eligible portions of the project are completed, the Governor's Cost Share Funds will reimburse the city for 50% of the costs, up to \$2,050,000.

So in FY21 (probably early May 2021) the city will borrow the total project cost of \$4,858,520 from the Missouri Transportation Finance Corporation, and will probably make two months of debt service payments on that amount. For budget purposes, we are assuming a 15 year loan at approximately 3% interest, for two monthly payments of approximately \$34,000, or a total of \$68,000 in FY21.

Throughout FY22 the city should be receiving reimbursements totaling \$2,050,000 which will be used to offset debt service payments and pay down principal. By FY23, the project should be complete with the city then making payments toward the city's total \$2,808,520 portion of the project. It's hard to predict the exact debt service payments at that time because of the unpredictable payment schedule throughout FY22, but if you assume the city will ultimately finance \$2,808,520 over 15 years, the debt service payments can be expected to be around \$233,000 per year. That amount will likely be split between the Transportation Sales Tax and the Capital Improvement Fund.

- **SAHEC Loan Payment.** The last payment on the Sikeston Area Higher Education Center (SAHEC) loan was made in January 2020, so this expenditure (approximately \$57,000/yr) will no longer appear in our budgets.
- **Telephone Franchise Fees and E911 Surcharges.** Telephone franchise fees and E911 surcharges continue their slow decline as more and more people move away from land lines in favor of cellular phones. This puts downward pressure on general revenues, but particularly on emergency dispatch revenues, requiring more general fund subsidies (\$460,073 in FY21) to keep 911 dispatch operating.

In the coming year the Department of Public Safety will be exploring several approaches to ensure the sustainable operations of 911 dispatching, including 911 taxes on mobile devices and options for consolidating with other 911 centers regionally.

- **Housing Authority Revenue Lost.** The Housing Authority contracts with the city for a dedicated DPS officer to assist with Housing Authority law enforcement needs for a certain amount of time per week. In the past the Housing Authority paid for a full-time officer's time, including benefits. Due to budgetary concerns the Housing Authority has reduced their contract from \$74,669 last to \$14,500/yr moving forward, for only 10 hours per week.
- **Neighborhood Champions Appreciation Dinner.** The Community Development Department budget includes \$2,000 for an appreciation dinner honoring "neighborhood champions" – those people who go above and beyond to serve their neighborhoods. We are aware of many people who are caring for vacant lots and providing other largely unseen acts of service and we would like to invite them to an appreciation dinner to let them know that the City of Sikeston does recognize and appreciate their contributions. Depending on pandemic related restrictions, we may try to hold this event in the early Fall.
- **City Hall Elevator.** The FY21 budget includes \$130,000 for the complete replacement of the City Hall elevator, including hydraulics, tracks, car, and motor. In recent years maintenance of the elevator has been a headache, and in the past year we have spent more than \$20,000 on repairs.
- **Corporate Games Rescheduled.** Due to COVID-19, the 2020 Corporate Games have been rescheduled to Summer 2021 and have been included in the FY21 budget.
- **Self-Service Modules for Citizens and Employees.** This budget provides \$17,000 for implementation of Citizen Self-Service and Employee Self-Service modules for our existing finance and permitting systems. These modules will allow citizens to pay for permits and taxes, report issues, submit complaints, apply for jobs and make other requests, and will allow employees to schedule time off, check leave balances, make tax elections, and submit other forms, all through an app or computer. The current COVID-19 pandemic and resultant closures of facilities to the public make it all the more important to allow both citizens and employees to interact and transact with the city remotely.
- **Elimination of Code Red Program.** For about 10 years the city has contracted with Code Red for a phone-based citizen alert system, where citizens can sign up with their phone number and the city can send automated messages in emergency situations. At DPS's recommendation, we are eliminating this service moving forward, for an annual savings of \$10,000. To date only about 1,400 people have signed up, and we don't know if all those people are even in Sikeston anymore. Also, in an emergency situation, 911 dispatchers have to program in the Code Red call, and it is just not a very efficient system for them to step away from urgent dispatching duties to do this. Since Code Red was implemented, changes in communication methods have changed dramatically with the rise of social media, and people now commonly turn to social media for emergency information. We can undoubtedly reach more people, faster, through social media in an emergency, and that reach is multiplied by people sharing that information with their own networks of friends and followers.
- **Fuel Depot Repairs.** This budget allocates \$20,000 for the replacement of the gasoline pumps at the city's fuel depot next to Fire Station 1. Only one of the two gasoline pumps currently works and parts for repairs are no longer readily available. This is the first phase of updating the fuel depot which also needs new tanks and an awning (due to Missouri Department of Natural Resources requirements). We are also currently evaluating the operational impacts and cost effectiveness of decommissioning the fuel depot and solely utilizing commercial filling stations.
- **Centralized Computer Purchasing.** In this budget all computer purchases have been moved to a centralized account in the IT Division. In the past the departments made their own computer purchases, but by centralizing all those purchases under the IT Division we will be able to take advantage of bulk pricing and bring the average cost per computer down.

- **Replacement of Patrol Car Laptops.** Replacement of 6 laptops in patrol cars has been budgeted for \$30,000.
- **Airport CARES Grant.** The Sikeston Municipal Airport will receive \$69,000 from the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The funds are intended to cover operating expenses of the airport, therefore the FY21 budget shows revenues of \$69,000 from the program, and an offsetting reduction of the subsidy from the General Fund.

## Unmet Needs

With this budget we have made strides toward responsibly addressing significant deferred maintenance and other needs, primarily due to the funds provided by the new ½ cent Capital Improvement Sales Tax. However, there are still many other needs that are not funded at this time because the funds are not available. The following projects were contemplated, requested, or identified as needs via the budget or capital improvement planning processes, but were not funded in this budget.

- New Leaf Machine: \$220,000
- Alley Maintenance Program: \$25,000
- Routine Sidewalk/ADA replacements/upgrades: \$50,000
- Downtown Rehabilitation Matching Grant program: \$20,000 (The city is budgeting \$70,000 on the Stallcup Building in FY20; perhaps a grant program can be funded after we are done spending on the Stallcup Building.

- City Hall Carpet: \$25,000
- Chamber/DED Offices Carpet: \$5,400
- Two Additional Weather Sirens (Complex/Rodeo area and Wing Elementary area): \$57,000
- George E Day Sidewalk (to Wing Elementary): \$83,000
- Right-of-Way Mowing Tractor: \$51,000

## **Conclusion**

While there are many unmet needs and improvements we would still like to address, the expenditures planned in this budget enhance the City's ability to serve our citizens, address many capital needs, and will benefit the quality of life and economic vitality of our community. As city manager and as a resident of Sikeston, I am grateful for the dedication and professionalism of the employees of the City of Sikeston. Because of their hard work and careful management of the public resources placed in their trust, the City of Sikeston is financially stable and able to provide quality services to our community.

My sincere thanks go to the department heads and division managers who submitted, amended, and consulted on their budgets. Special thanks also go to Carroll Couch, Karen Bailey, and Rhonda Council, who have helped prepare the city-wide budget.

Respectfully Submitted,

## Council Letter

Date of Meeting: 20-06-01

Originating Department: Governmental Services

To the Mayor and City Council:

Subject: Bill 6190 Establishing Staffing and Compensation Levels for FY-21

Attachment(s):

1. Bill 6190 with associated tables

Action Options:

1. First Reading of Bill Number 6190
2. Other action Council may deem appropriate

Background:

In accordance with the City Charter, Bill 6190 establishing staffing levels and the basic compensation plan for the fiscal year ending June 30, 2021 is presented for first reading. As set forth in Table 1-A of Bill 6190 staffing for FY2021 will consist of 124 full time employees, 15 part-time and 25 seasonal.

Changes to the staffing ordinance include:

- Veteran's Day has been changed from a floating holiday to a regular holiday. City hall will now close on Veteran's Day.
- A three percent (3%) increase was given to most fulltime employees.
- Entry level pay for skilled workers, recreation assistant, DPW supervisors, airport linemen, animal attendants, mechanic, and communications officers increased by \$1.00/hour to offset changes in the Missouri minimum wage. Employees benefiting from this did not receive the 3% adjustment.
- The Community Development Department is established. Lorenzo Ware is the director. Seasonal Mowing (LCRA), Code Enforcement and Animal Control report to him.
- A part-time secretary was added to Community Development staff.
- Vacation accrual was changed from one (1) week and one (1) day of vacation upon completion of one (1) year of service to two (2) weeks and one (1) day.
- Public Safety commissioned officers are now eligible for a one-year merit adjustment. In recent years, they went 3 years before they were eligible for a merit increase.

The second reading of Bill Number 6190 has been scheduled for the June 8<sup>th</sup>, City Council Meeting. As indicated in Section XIV: Record of Passage, the effective date of this bill will be July 1, 2020.

THIS BILL AS ADOPTED SHALL BECOME EMERGENCY ORDINANCE NUMBER 6190 AND SHALL REPEAL ORDINANCE NUMBER 6144 BEING THE FY-20 COMPENSATION PLAN AND EMPLOYEE STAFFING LEVEL AUTHORIZATION, AND ALL AMENDMENTS THERETO; AND SHALL ESTABLISH THE EMPLOYEE COMPENSATION PLAN AND STAFFING LEVELS, AND THE ADMINISTRATION THEREOF FOR FISCAL YEAR 2021 (JULY 1, 2020 THROUGH JUNE 30, 2021).
