*Note – All contractors must have a valid City Business/Contractor’s License prior to the issuance of a permit & prior to the start of work

Notice:

Work shall not proceed until the Inspector has approved the various stages of construction. The permit becomes null and void if work or construction authorized is not commenced within (30) days or if construction or work is suspended or abandoned for a period of one hundred & eighty (180) days at any time after your work has commenced.

This permit conveys no right to occupy any street, alley or sidewalk or any part thereof, either temporarily or permanently. Encroachments on public property not specifically permitted under the building code, must be approved by the jurisdiction. Street or alley grades as well as depth and location of public sewers may be obtained from the department of public works. The issuance of this permit does not release the applicant from the condition of any applicable subdivision restrictions.

By signing this permit you agree to comply with ALL Building Codes, Zoning, FEMA, DNR and City of Sikeston regulations and rules. Construction and demolition waste shall be disposed of in a sanitary landfill or other authorized sites as per DNR Regulations. All construction shall conform to City of Sikeston’s Storm water Management and Land Disturbance Ordinance #5816. Contractors are to install and maintain erosion controls such as silt fencing as well as other methods to keep sediment on the site. Each aspect of the construction Site Runoff Control will be enforced as part of the construction site inspection process.

I hereby certify that I have read and examined the application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
