

# Vestal Police Department

## Annual Report - 2020

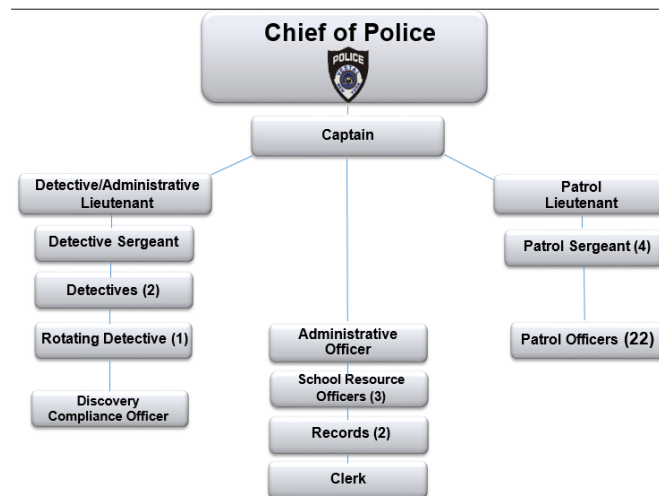

# Vestal Police 2020

The Town of Vestal is located in Broome County, New York. It is bordered on the east by the City of Binghamton and the Town of Binghamton, on the south by the State of Pennsylvania, to the west by Tioga County and on the north border, the Susquehanna River separates the town from the Villages of Endicott and Johnson City. The major east-west commercial and commuter routes are State Route 17, State Route 434, and Vestal Road. The major north-south commuter routes are State Route 26 and State Route 201.

The Vestal Police Department consists of 39 sworn officers and three police clerks. The 39 sworn officers are made up by the Chief of Police, a Captain, an Administrative/Detective Lieutenant, a Patrol Lieutenant, 4 Patrol Sergeants, 1 Detective Sergeant, 2 Detectives, 27 patrol officers and 1 Special Police Officer.

**2020 Vestal Police Department  
Organizational Chart**

During 2020 the department lost 7 members to retirement and hired 7 new officers; 3 of those new officers transferred from other police departments, 2 of them were trained in the Broome County Law Enforcement Academy and 2 of them were trained at the Southern Tier Law Enforcement Academy.

In addition to the thoroughfares listed above, the town is primarily a suburban community with shopping areas that include large shopping malls, smaller strip malls, restaurants, motels, and other major businesses. These businesses are located mainly along the Vestal Parkway East corridor. Within the Town of Vestal lies Binghamton University which has a population of approximately 17,300 students and 3,000 faculty and staff. Approximately 7,300 of those students live on campus while another 3,000 of those students live off-campus and in the town of Vestal. The town encompasses rural areas as well as heavily traveled commercial areas. Accordingly, there is a strong demand for a variety of public safety services.

## ➤ **Our Mission**

---

The employees of the Vestal Police Department serve all people within the Town of Vestal. This is accomplished through the enforcement of local, state and federal law. The Vestal Police Department is committed to providing the best police service available while consistently maintaining exemplary professional standards in law enforcement.

The primary goal of the Vestal Police Department is to preserve the rights of all citizens without prejudice or bias against race, religion, ethnic and national origin or sexual orientation so that they may live in peace and harmony. This is achieved through the protection of life and property; through the resolution of conflict and emergency situations; through the creation and maintenance of a feeling of security within the community; through a reduction of crime by minimizing opportunity through various crime prevention strategies as well as through the diligent apprehension and subsequent prosecution of offenders.

It is the duty of each member of the Vestal Police department to strive on a daily basis to succeed in accomplishing these goals and objectives. All members of the Vestal Police Department are expected to carry out these responsibilities in a diligent and professional manner. Vestal Police Officers must seek out and preserve public confidence by maintaining high ethical standards, demonstrating impartial service to the law, and by offering service and trust to all members of the public.

## ➤ **The Challenges of 2020**

---

The year 2020 presented the world, our country, New York State and the citizens of the town of Vestal with many challenges. The world-wide pandemic and the social-distancing that came as a result, limited our usual abilities and efforts to meet with the community and hold public service events or meetings. It also restricted our access to many of the training opportunities usually afforded to our officers. In response to this setback our department increased the amount of online and/or remote training that our officers received and made an effort to increase our social media efforts to provide information to the public regarding crime prevention efforts, important information and general communication to stay connected.

In addition to the obstacles presented by the COVID-19 pandemic, our country faced a challenge of public trust and confidence in law enforcement. The death of George Floyd while in police custody sent a ripple effect through communities that led to many calls for Criminal Justice Reforms.

On June 12, 2020 New York State Governor Andrew Cuomo issued Executive Order 203 that required each local government entity which has a police agency operating with police officers to perform a comprehensive review of their current police force deployments, strategies, policies, procedures, and practices, and develop a plan to improve such deployments, strategies, policies, procedures, and practices, for the purposes of addressing the particular needs of the communities served by such police agency and promote community engagement to foster trust, fairness, and legitimacy, and to address any racial bias and disproportionate policing of communities of color.

In prompt response to this Executive Order, the town of Vestal and the Vestal Police Department formed a Community Stakeholder Committee made up of Police Executives, town Officials and a variety of Citizens. This 14 person panel was formed during the first week of July within a month of the signing of Executive Order 203. The panel was made up of 2 Town Board Members, the Human Resources Director, 3 Police Administrators and 8 Community Members that included 2 Pastors, 1 Mental Health Professional, a former District Attorney and a School Principal.

The Committee met weekly for 5 meetings, each lasting approximately 2 hours, during which all 14 of the Governor's required topics were discussed at length. The process consisted of a thorough review of Vestal Police policies, procedures, training and operations and engaged with community stakeholders in order to create a plan that would address any deficiencies and provide improvements or modifications to the procedures of the police department.

At the final meeting, each participant was tasked with providing a summary of what they felt the panel had achieved and what improvements could be made to the Vestal Police Department. All attendees indicated that the discussions were conducted in an open, positive setting. The Committee Members worked hard and participated by engaging in the discussion of the 14 topics mandated by the Executive Order. This final meeting was open to, and attended by, members of the local media who were given an opportunity to speak to any and all of the Committee regarding their thoughts on the process and progress made as a result of the meetings.

There was an agreed consensus that everyone on the Committee, including Police Administration, learned a great deal. The Committee learned about the inner workings of the department; including policies, procedures and new initiatives as well as the police perspective regarding many issues. In turn, the Police Administration present at the meetings learned more about the community's perspective on these issues and what the civilian panel members felt could be modified or improved.

One common thread focused on departmental transparency with the public. It was felt by all, police and non-police members, that the department could improve its informational flow to the general public. This should be accomplished via additional dialogue and increased communication with members of the community.

There was considerable conversation in regards to the police response to mental illness. It was generally agreed that the police are not trained professionals in this field and need to reach out for assistance from those who are. It was agreed that funding should be restored or increased to other professionals who are trained to help individuals suffering from mental illness. This assistance would also benefit officers who respond to this type of call on a daily basis.

# Year End Report 2020

## ➤ Department Workload

---

The department recorded 14,389 incident occurrences in 2020, a decrease of 3442 compared to 2019. These incidents include calls for service, walk-in reports, officer-initiated complaints and traffic stops.

The department responded to 272 incidents in which a New York State Domestic Incident Report was completed. An increase of 104 from 2019. There were 44 adults and 2 juveniles arrested as a result of these incidents. An additional 26 incidents were coded as domestics yet for various reasons no domestic report was filed. An additional 2 adults and 1 juvenile were arrested related to these incidents.

All members of the Vestal Police Department are trained in the use of Naloxone Hydrochloride, which is administered to victims of an opioid overdose. During 2020 Vestal officers administered this opioid antagonist 9 times. This is an increase from 3 in 2019. In 8 of these instances the patients survived their overdose.

### ✚ Patrol Division

The Patrol Division is the backbone of the police department. They are the face and physical presence of the Vestal Police. They are responsible for responding to and the handling of complaints, crime prevention, citizen safety, and all vehicular traffic within the town's 53 square miles.

The Patrol Division is made up of 27 officers, including three School Resource Officers. The officers are distributed across 3 working shifts; 7:00am-3:00pm, 3:00pm-11:00pm and 11:00pm-7:00am. They are supervised by 4 sergeants and 1 lieutenant.

### ✚ Detective Division

The department's Detective Division primarily conducts case investigations, assists patrols when needed, handles intelligence gathering, develops confidential informants, collects and processes evidence and supervises all registered sex offenders residing in the town. The Division is made up of 2 investigators and 1 sergeant who are overseen by the administrative lieutenant. A "rotating detective" position provides an extra investigator to the division. Every 4 months a uniformed patrol officer is assigned a temporary assignment in the detective division. This rotating detective provides extra manpower for the division and also provides insight, training and other benefits to the officer, making them a better police officer and better able to serve the community.

The Detective Division also processes crime scenes by collecting evidence and taking photographs. In addition to the evidence collected at a crime scene, officers from the Patrol Division may collect evidence or property which needs to be maintained or stored at the police department. During the year, 417 new case files were opened in the evidence program. As of December 31, 2020 the department held 1243 individual pieces of property and evidence. During

the year, 377 of the items in evidence storage were disposed of, destroyed, returned to its owner or sent to the crime lab for processing and analysis.

In 2019 the Vestal Police Department upgraded the Evidence Management System to a program called “The Beast”. This modern evidence management system is also used by several local police agencies as well as the District Attorney’s Office. By utilizing this system, the transferring and sharing of evidentiary materials from one agency to another became much more efficient and in particular made the process of turning over evidence to the DA’s Office easier and more secure by helping to maintain better integrity and control.

During 2020, the Detective Division also performed its yearly audit of the evidence room as is required through the New York State Accreditation Program.

Members of the Division are also assigned to process individuals arrested by this department at the time that they appear in the Town of Vestal Court for arraignment if they were not processed at the time of their arrest. This processing includes the fingerprinting, photographing, and completion of any unfinished paperwork regarding the arrest.

In addition to their investigative case load, the Detective Division is responsible for various other tasks including warrant control and maintenance. Warrant maintenance consists of ensuring that all active warrants have been entered into the New York State Integrated Justice Portal and that all leads are pursued in searching for persons with warrants for their arrest.

## ➤ **Specialized Units/Enforcement**

---

### **Metro SWAT Team**

The Vestal Police Department partners with the Johnson City Police Department and the Binghamton Police Department to make up the joint Metro SWAT Team. The team regularly trains bi-monthly with more specialized training occurring throughout the year. Vestal PD commits 4 members to the team; (1 sergeant and 3 patrol officers) who participate in addition to their regular patrol responsibilities.

The team can be called out for a variety of reasons including when the threat of a barricaded person with a gun reaches a stage where it presents a threat to police/civilian personnel or civilians in the area, anytime active shooter activity is confirmed or for a high risk drug or felony warrant entry. During 2020 there were 14 Metro SWAT Call-Outs in the greater Binghamton area, including 3 in Vestal (same number of calls as in 2019 and up 1 from 13 in 2018).

The New York State Municipal Police Training Council (MPTC) and the New York State Division of Criminal Justice Services (DCJS) have an extensive set of certification standards. The standards cover a range of law enforcement disciplines, including command and control, physical fitness, firearm qualifications, team and individual equipment requirements and high-intensity training.

Metro SWAT is one of less than ten SWAT Teams in New York State who have been certified by DCJS. Training required for the certification includes, but is not limited to: a four-week

SWAT school for all new members, advanced sniper school, and U.S. Department of Homeland Security and incident command schools.

*Metro SWAT training at the New York State Preparedness training Center in Oriskany, NY.*

#### **✚ Crisis Negotiation**

The Vestal Police Department has 2 specially trained Crisis Negotiators who often work in conjunction with the Metro SWAT Team. They may also be called to assist in a variety of incidents such as barricaded subjects, suicidal subjects, non-compliant individuals, individuals suffering from issues of mental illness or whenever deemed necessary.

#### **✚ School Resource Officer (SRO)**

Our department has developed a close liaison with our schools, both public and private, to ensure the safety of our youth. Among our 39 sworn members are 3 School Resource Officers (SRO) who work daily in the Vestal School District.

In 2020, Officer Christopher Cardarelli joined the School Resource Officer Program (SRO). Officer Cardarelli, along with Officers Michelle Tuetken and Conor Talbut, share the duties of protecting and educating the district's students, faculty, staff and visitors. The presence of these SRO's helps provide a safe environment to all students and staff in the Vestal School District. In addition to the Vestal public schools, they regularly visit the private schools in Vestal and provide support and security advice to them as well.

#### **✚ Vestal Police Youth Academy**

During the summer we hold our annual Youth Police Academy for High School students but the 10<sup>th</sup> Annual Academy planned for 2020 had to be postponed due to the pandemic. The Youth Academy is organized by the School Resource Officers and held at the Vestal High School.

During the Academy, students are exposed to various aspects of police work and are presented information on such topics as Crime Scene Investigation, Self Defense, Physical Training, Courtroom Procedures (including a mock trial), Drug Awareness, DWI, Undercover Work, SWAT, First-Aid & CPR, Safe Driving, Traffic Stops and Firearm Safety. Every year the Youth

Academy continues to grow. 2019 saw 42 students participate from 6 different school districts. In addition to Vestal, the 2019 class was made up of students from the Susquehanna Valley, Union-Endicott, Maine-Endwell, Windsor and Owego school districts. We have now graduated a total 275 students through the Youth Academy. We have every intention of renewing the program and hope to hold our 10<sup>th</sup> Youth Academy in the summer of 2021.

*The 2019 Youth Academy Class*

#### **Child Passenger Safety Technician**

In 2020, Patrol Officer Katirae Smith joined Officer Joshua Carman as a federally certified Child Passenger Safety Technician. Officers Smith and Carman regularly participate in events or programs to educate the public in the proper installment and use of child safety seats. They participate in Child Seat Safety Checks both in and out of the town of Vestal. In 2020 they conducted 6 seat inspections/installations in Vestal as a part of the program.

The Vestal Police Department has a dedicated phone extension specifically for the Safety Seat Technician so that these officers may respond to inspection requests in an efficient manner. Citizens may call (607)754-2386 x481 and leave a message for Officer Carman any time day or night.

## ➤ Crime Prevention & Community Service

---

The Vestal Police Department takes pride in being a community-oriented police department. Throughout the year we organize and participate in several community outreach programs with the many residents and visitors to the town of Vestal. During 2020 our abilities to participate were extremely limited. Normally the members of our department attend and participate in such events as the Vestal Fire Expo, Olum's Kid's Day, Breakfast with Santa, Prescription Drug Take Back Day and multiple Police Station Tours for various groups of children and their families. Members of the department also volunteer for several fund raisers such as the Special Olympics Torch Run and Broome County Toys for Tots. We are excited to return to "normal" in 2021 and ramp up our community service efforts.

### ✚ Active Shooter Training for Civilians

Two of our members are certified instructors to present the Civilian Response to Active Shooter Events Course (CRASE) developed at Texas State University.

The CRASE presentation is available upon request for local groups and businesses and is periodically offered to the public.

## ➤ Police Training

We recognize that quality training that is both current and applicable to the functions of the department will further our objective of making Vestal a safe place to live and visit therefore we make every effort to provide our employees with the best training available.

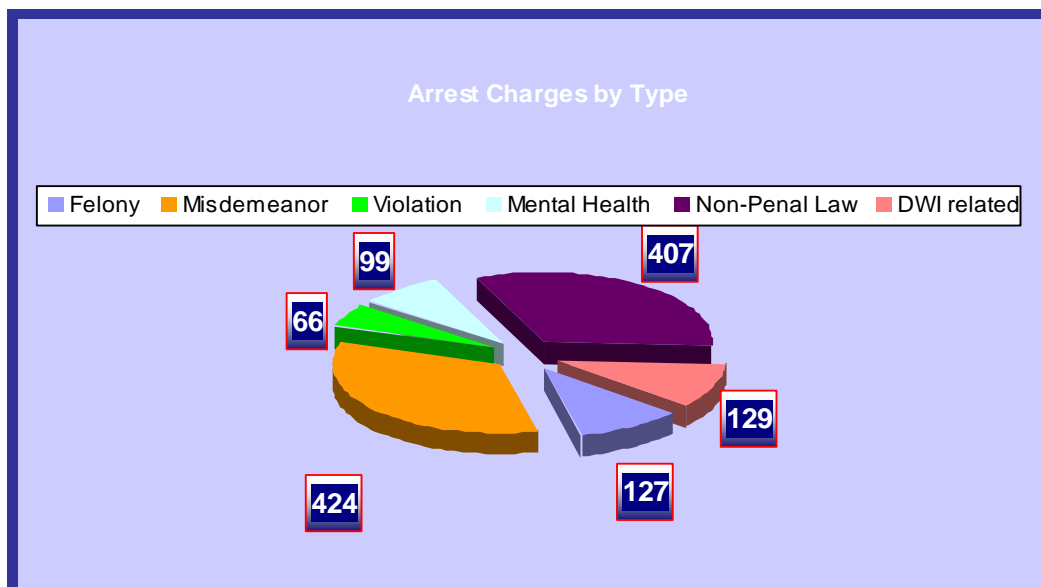

In 2020 our officers attended and participated in a variety of training programs and classes ranging from our annual In-Service and Firearms training to more specialized training programs. While our abilities and opportunities to attend remote trainings were limited, we were still able to provide 39 members, 18 additional training opportunities that included topics such as Executive Leadership, Project Lifesaver Searcher Training, Winning Interdiction, Red Flag Law and Active Shooter Training, Instructor Development, Street Crimes and many others.

The members of the Vestal Police Department also receive annual In-Service training. During this training, officers are presented with annual updates on Legal Issues, First Aid and Use of Force issues as well as some more specialized topics. During the 2020 In-Service our officers received instruction on Crisis Intervention and De-escalation, Combatting Sexual Harassment, Implicit Bias and Fair and Impartial Policing among other important and timely topics.

Many of our officers are certified law enforcement instructors and participate in the presenting of trainings to various audiences. Our officers regularly participate as presenters and instructors at the Broome County Law Enforcement Academy, the Broome County Government Security Academy, the Broome County Police Supervisors School, the Broome County Corrections Academy, the Vestal Police Citizens Academy and the Vestal Youth Academy.

## ADULT ARRESTS

In 2020, members of the department made 957 arrests with 1252 charges for adult offenses. A breakdown of the 2020 adult arrest charges is as follows: 127 Felony charges, 424 Misdemeanors, 66 Violations, and 506 other Non-Penal Law Offenses including 99 Mental Hygiene Law Arrests.

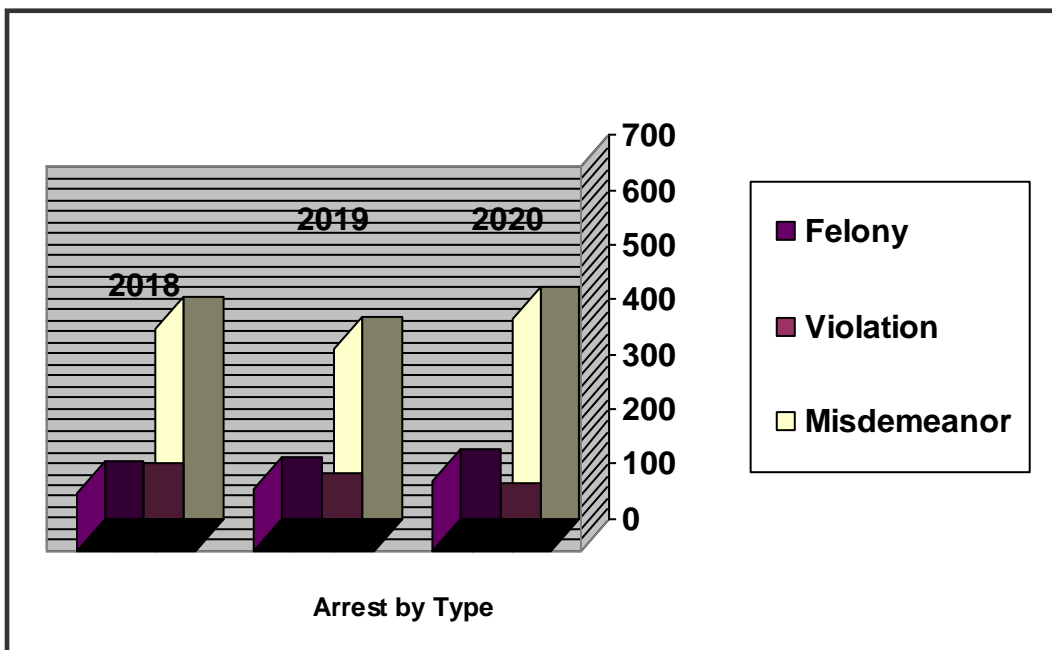

**ALL ADULT CHARGES FILED 5 YEAR TREND**  
(INCLUDES AGGRAVATED UNLICENSED AND DWI ARREST)

<b>2016</b>	<b>1101</b>
<b>2017</b>	<b>1158</b>

## VEHICLE & TRAFFIC ENFORCEMENT

Members of the Department issued 2750 Uniform Traffic Tickets in 2020. There were 20 felonies, 788 misdemeanors and 1942 traffic infractions of the Vehicle & Traffic Law. Officers also issued 186 parking tickets during the year. An additional 2082 Warning Tickets were also issued to motorists.

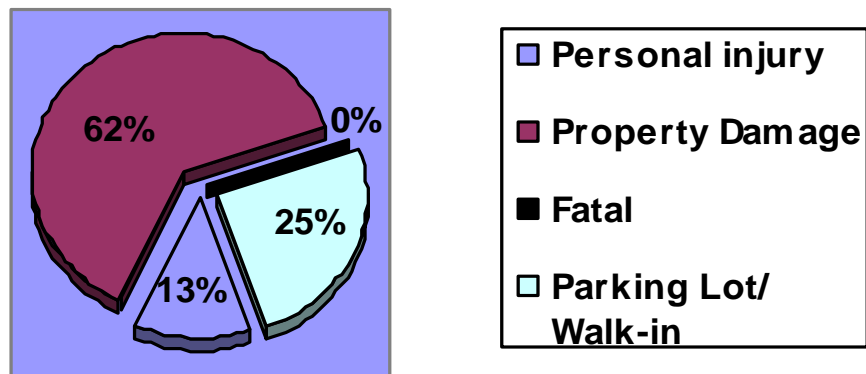

## ➤ Motor Vehicle Accidents

Overall, 1049 accidents were reported to the department in 2020. These accidents, after investigation and classification, consisted of: 1 Fatal Accident, 132 Personal Injury Accidents, 656 Property Damage Accidents and 259 Parking Lot/Walk-in Accidents.

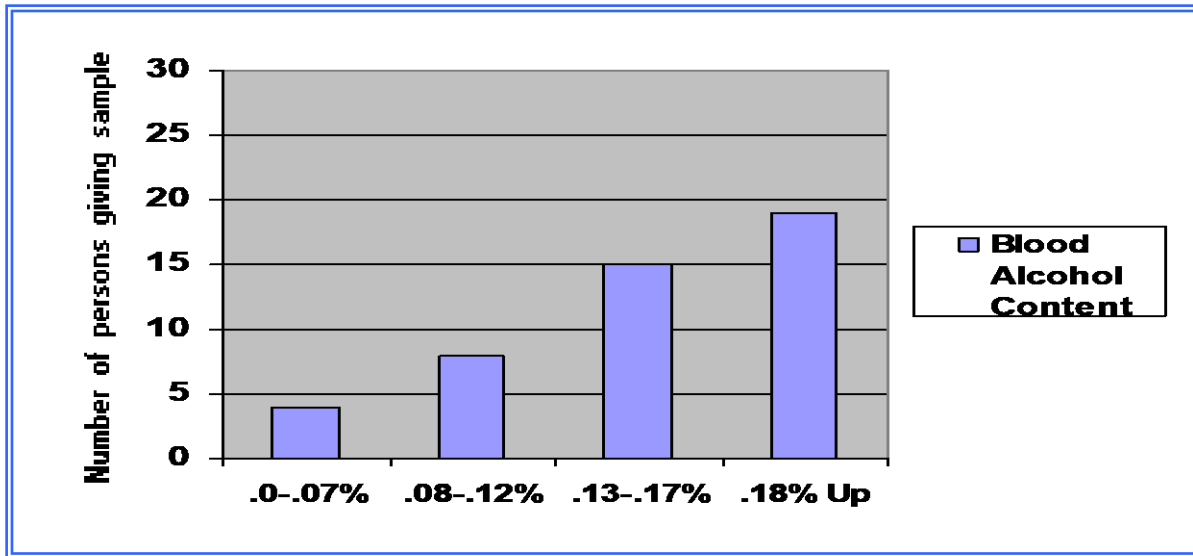

### Motor Vehicle Accidents by Type

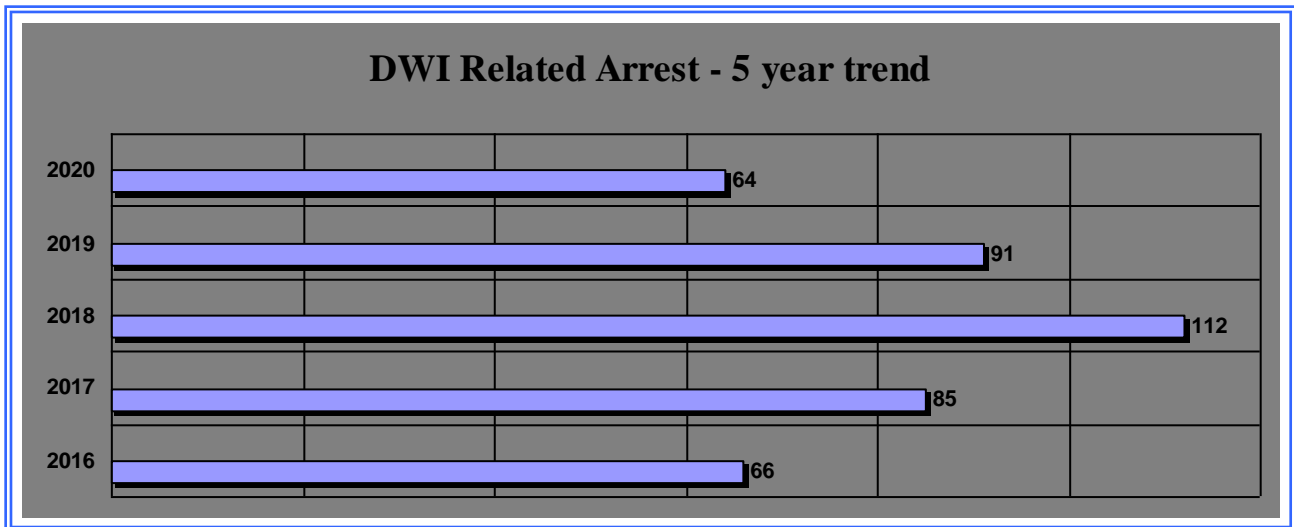

## DWI Enforcement

Members of the department made a total of 64 arrests for Driving While Intoxicated (DWI) offenses in 2020. Of these 64 arrests, 8 were Felonies which means that the person arrested has a prior conviction for DWI in the past ten years or may have had a child in the vehicle. Of the 64 DWI arrests, 19 persons were found to have a blood alcohol content of 0.18% and over and were additionally charged with the section of 1192-2a(a) "Aggravated Driving While Intoxicated." The department also made 6 arrests for driving while ability impaired by drugs.

*\*The first Chart below compares the number of persons arrested who gave a breath sample and the range into which their blood alcohol content measured.\**

## FIVE YEAR AVERAGE FOR DWI RELATED ARRESTS – 87 PER YEAR

## ➤ Juvenile Offenses

During 2020 the department filed 6 Juvenile Delinquency Petitions and of those petitions one (1) of the offenses was a felony.

A total of 12 juveniles were arrested under the Mental Hygiene Law and were transported to the Crisis Center at Binghamton General Hospital for evaluation. The criteria for such an arrest are that the person is deemed to be harmful to themselves or others and are in need of immediate crisis intervention.

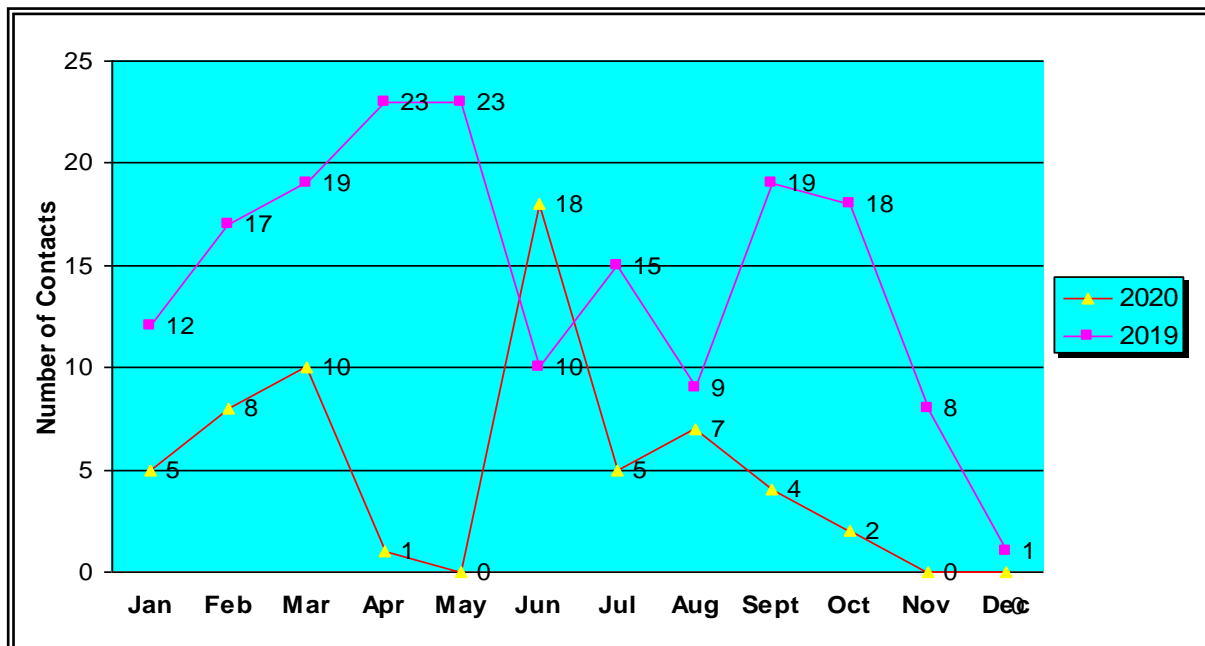

Due to recent changes in New York State Law concerning juveniles, the Vestal Police Department has expanded responsibilities for dealing with Juvenile Offenders to the entire Detective Division. On October 1<sup>st</sup>, 2019 legislation in NYS raised the age of criminal responsibility to 18 years of age. The department has 4 members who are certified as a Forensic Child Interviewer. These individuals are specifically trained to interview children who have been the victim of crime. The Vestal Police Department Detective Division continues to maintain a strong working relationship with the Vestal School District's administration and the School Resource Officers. Additionally, they maintain ties with Broome County Probation, the Broome County Attorney's Office, The Child Advocacy Center of Broome County, and other local police department's juvenile divisions.

### JUVENILE CONTACTS - BY MONTH 2019 v. 2020

**Total number of Juvenile contacts for 2019 = 174**

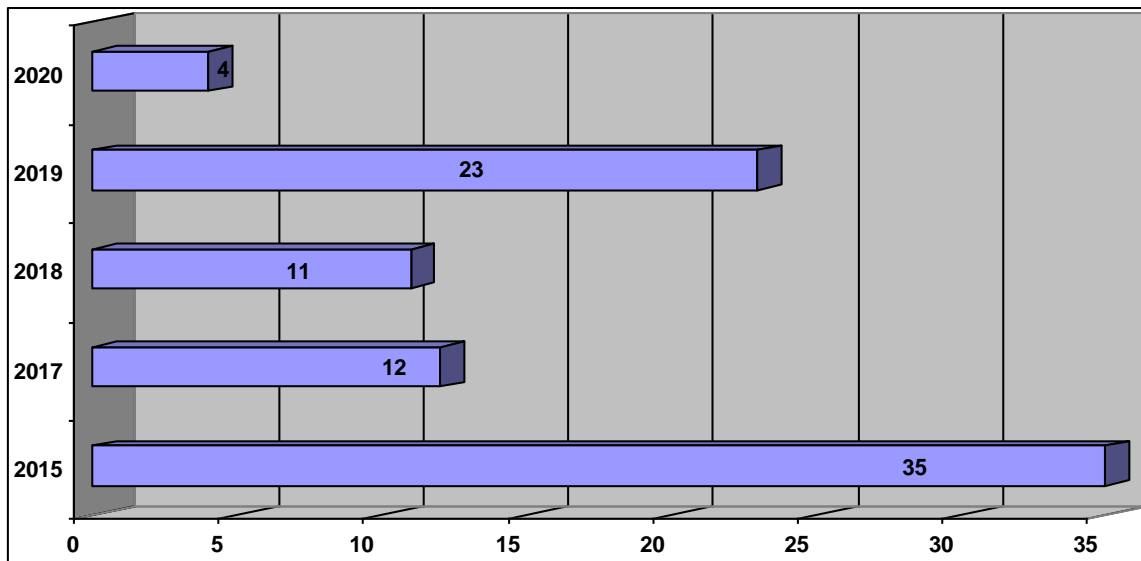

**vs.**

**Total number of Juvenile contacts for 2020 = 60**

Reckless Endangerment in the Second Degree	“A” Misdemeanor	1
Burglary in Second Degree	“C” Felony	1
		<hr/>
	<b>Total of Juvenile arrests in 2020</b>	<b>= 18</b>

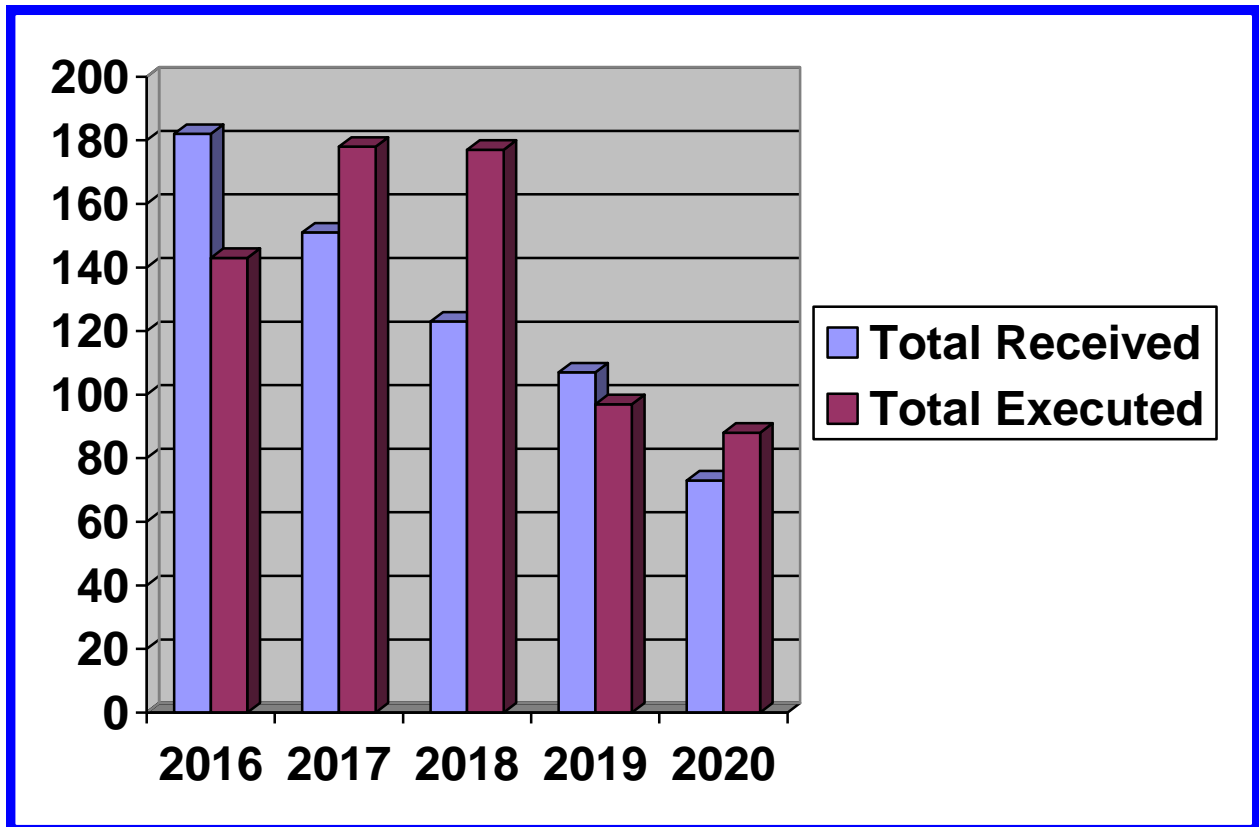

## ➤ Warrant Control

---

In addition to their investigative case load, the Detective Division is responsible for various other tasks including warrant control and maintenance. Warrant maintenance consists of ensuring that all active warrants have been entered into the New York State Integrated Justice Portal and that all leads are pursued in searching for persons with warrants for their arrest.

During the year **73** new warrants were issued. Of these, **58** were Arrest Warrants, **4** were Bench Warrants and **11** were listed as ‘Probation’ or ‘Other’.

During 2020, **88** warrants in the Vestal Police Department files were either executed by members of the department or canceled by the court. This number includes ALL warrants executed, including those that were still open from years prior.

## ➤ Response to Alarms

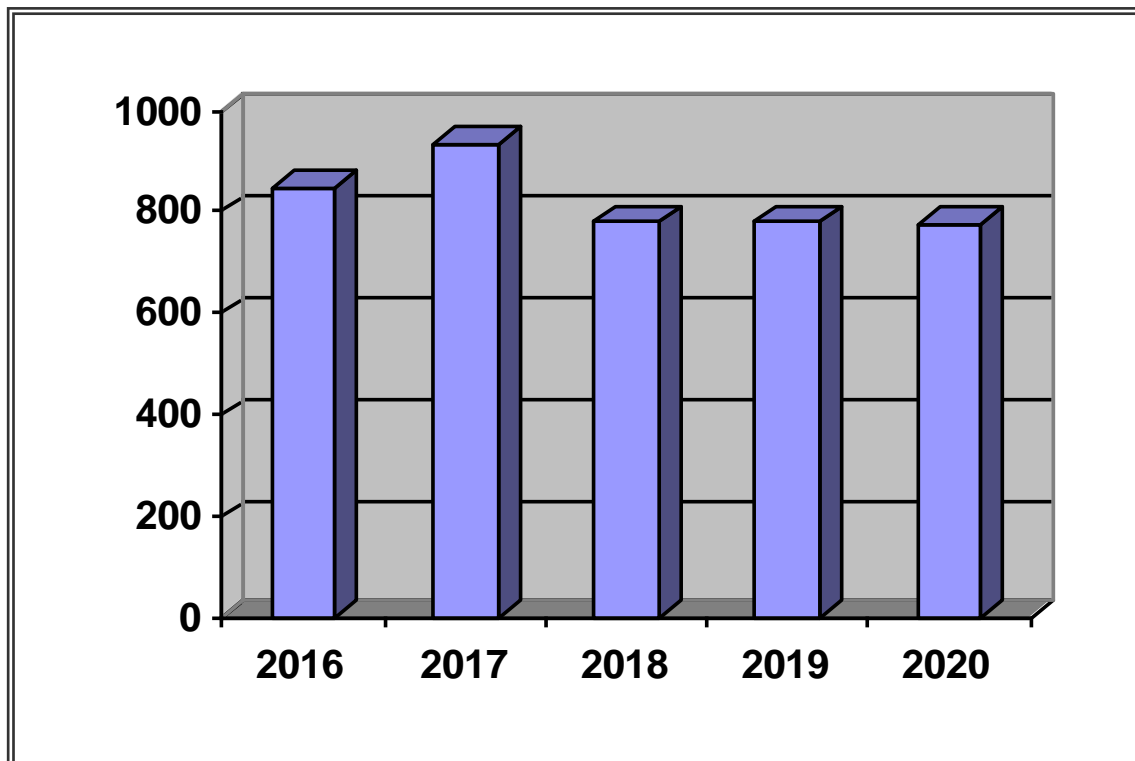

---

In 2020, Vestal Police Department Patrols responded to 778 police related alarms. These alarms consisted of 593 business alarms, 172 residential alarms, and 13 deemed as “other”. The 778 responses to alarms is 2 less than the number of alarm responses in 2019.

This does not take into account additional Fire Alarms, Medical Alert Alarms, and Car Alarms that patrols may respond to. In 2019 Vestal Police Patrols handled a total of 14,389 calls for service with approximately 5.4% of these calls being alarms. This is an increase in the 4.1 percentage from 2019.

The department regularly communicates with owners of residences and local businesses when we experience problems with repeated false alarms. During the year numerous personal contacts were made with these individuals to educate them regarding the law and our procedures. This is done in an effort to work together to help bring them into compliance with the town ordinance regarding repeated false alarms. In repeated cases, a homeowner or business owner/manager could face an arrest for a violation of the town code. As new businesses open in the town, these educational contacts are made in an effort to avoid such violations.

### 5 Year Alarm Response Trends

## ➤ **Body Worn Cameras**

---

Since 2018, every Vestal Police Officer has been equipped with a Body-Worn-Cameras (BWC). This program has greatly improved many aspects of our service to the community. Having these cameras assists in the prosecution of criminal cases and increases officer and citizen safety.

They also serve to provide additional transparency and accountability from the police department to the public. The BWC program also provides the department with a tool to verify officer conduct and to help determine training needs.

The Body-Worn-Camera Program continues to be a great asset to the police department and the citizens we serve.

## ➤ **Department Accreditation**

---

Accreditation is a progressive and contemporary way of helping police agencies evaluate and improve their overall performance. It provides formal recognition that an organization meets or exceeds general expectations of quality in the field. Accreditation acknowledges the implementation of policies that are conceptually sound and operationally effective.

The New York State program became operational in 1989 and encompasses four principle goals:

1. To increase the effectiveness and efficiency of law enforcement agencies utilizing existing personnel, equipment and facilities to the extent possible;
2. To promote increased cooperation and coordination among law enforcement agencies and other agencies of the criminal justice services;
3. To ensure the appropriate training of law enforcement personnel; and
4. To promote public confidence in law enforcement agencies.

The Accreditation Program is comprised of a set of standards developed to further enhance the capabilities of an agency, and is divided into three categories. Standards in the Administrative section have provisions for such topics as agency organization, fiscal management, personnel practices, and records management. Training standards encompass basic and in-service instruction, as well as training for supervisors and specialized or technical assignments. Operations standards deal with such critical and litigious topics as high-speed pursuits, roadblocks, patrol, and unusual occurrences.

Since our initial Accreditation in 1992 we have successfully been reaccredited during each 5 year reassessment period. The most recent being the fall of 2016 during which time members of the state's Accreditation Council conducted an intense compliance audit of our policies and procedures ensuring our adherence to the current minimum standards of New York State Accreditation.

The Vestal Police Department is one of 160 accredited agencies in New York which is less than 30% of the eligible law enforcement agencies in the state.

Each year we are constantly monitoring and updating the Accreditation files as we prepare for our next re-accreditation audit. The Accreditation Program continues to provide a comprehensive blueprint for effective, professional law enforcement.
