Dear Property Owner or Resident,

The Building and Property Maintenance Codes of New York State, have a number of requirements that are applicable to existing buildings as well as new buildings.

One of the more practical issues that is now a requirement is the identification of premises paragraph, contained within the Property Maintenance Code.

This section requires that:

“Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of ½ inch.”

Although this places an additional burden on us all, clearly this is a positive issue and will ultimately result in a safer atmosphere for our town.

Please take the necessary steps to bring your properties into compliance. If you have questions, please contact us at (607) 786-0980.

Thank you for your help in keeping you safe!
