## Comments:

After reviewing the plans as provided from the PCD Dept. via email dated 04/25/2022, the following was noted:

## Conservation Notes:

After reviewing the SP-2022-07 Application and business plan for the above applicant, the first 130-140 feet of the existing driveway is located within NHESP Priority Habitat Polygon #1335 (see attached map). Should any work/improvements be proposed within this polygon, the applicant will need to coordinate with NHESP.

No additional comments.

Best of luck.
