October 25, 2019

To: Nancy Talbot, Ware Town Clerk
From: Betty Barlow, Administrative Assistant
Regarding: Ware Board of Health Meeting Notice

Ware Board of Health

Meeting Posting

The Ware Board of Health will be on Wednesday October 30, 2019 at 2:00PM in the Conference Room.

Agenda

APPOINTMENTS:

2:05PM Request for Local Upgrade at 58 Old Gilbertville Rd for Robert Skowyra. Septic plans designed by Bob LeMaitre. Request is for a 1 foot reduction in setback between SAS and high groundwater

2:15PM Request for Local Upgrade at 52 Gilbertville Rd for National Grid. Septic plans designed by Daniel McIntyre. Request is to increase soil cover on system greater than 36 inches, 43 inches proposed due to substation site being flat and must remain flat. Adding a pump to raise leaching system would still require a force main on very flat slope and would not drain between uses. Even with insulation the occasional used would risk freezing.

DISCUSSION/ACTION:

1. Update on Vaping Ban

ACTION ITEMS

1. Minutes for approval –8/28/19
2. Sign DSCP # 19-32 @ 398 Palmer Road for Tom Rozzen
3. Sign DSCP # 19-33 @ 704 Belchertown Road for Roger Bouchard
4. Any other routine business not known 48 hours prior to meeting
