INSPECTOR OF ANIMALS

I have completed my barn inspections for the year 2006. During my visits to the local farms I have conducted a welfare check on the following animals.

Adult Dairy	180	Young non-milking Dairy	128
Beff Cattle	31	Horses	93
Goats	69	Alpacas	31
Sheep	10	Donkeys	4
Swine	5	Chickens	162
Game Birds	10	Waterfowl	33

I would like to take this opportunity to thank the residences which allowed me access onto their property to inspect the above animals.

Respectfully Submitted,

Thomas E. Kularski
