2020 Recycling Implementation Council Meeting (7pm – 17 September 2020): Sorenson stated that the RIC meeting was coming up this week and talked a little about who would be attending and what is needed for a quorum. This year people were asked to RSVP prior to the meeting so that we have enough areas represented and we don't end up calling people to try and get a quorum. Five of the eight needed have already responded. There was discussion about how much the assessment would be. Sorenson stated that she will report back at the next Solid Waste meeting on what the RIC decides to do regarding using fund balance to offset the assessment.

Policy discussion regarding closing the scale 15 minutes prior to closing the PTF: Francis gave the background information on this issue and passed it on to Claussen to propose a solution. Claussen looked at other County's Saturday schedules, which included Portage County hours of 7:30 to 10:30, Adams County 8 to noon, Waushara County 10 to 4, but they are only open Saturdays and Wednesdays, and Outagamie County 7 to noon. He proposed that employees work until 3:15 during the week, then make up for it by closing an hour earlier on Saturdays. This would eliminate the scale closing 15 minutes prior to 3 during the week. So the hours would be 7-3, Monday through Friday and 7-11 on Saturdays.

There was discussion and the consensus was that Claussen could change to the new hours if he felt it was the best solution. Francis stated that the hours change would take place starting January 1st of 2021.

Meetings/Conferences Attended: There was none to report.

PTF Supervisor Update: Claussen reported that the Highway Department will be pouring the concrete slab for the metal dumpsters soon. It was delayed due to weather last week and will be rescheduled. He talked about the masks that were obtained from SWANA for the staff at the PTF.
