REQUEST FOR BIDS COUNTY OF WAUPACA, WISCONSIN

New 5,000 lb. Capacity Diesel-Powered Forklift

Bids for this forklift must be received in sealed envelopes plainly marked "Waupaca County Solid Waste Forklift Bid", in the office of the Waupaca County Solid Waste Department, 811 Harding St., Waupaca, Wisconsin 54981, until **9:00 a.m. local time on 5 May 2023.**

Waupaca County reserves the right to reject any or all bids, waive irregularities, or accept the bid most advantageous to the County of Waupaca. The successful bid will be awarded by the Waupaca County Solid Waste Board on the basis of which bid best fits the requirements of Waupaca County..

Instructions

To better facilitate bids from the various suppliers, we have provided you with general specifications. If the items listed in our general specifications are not standard on your product, please include them in your total bid. Do not add said items as accessories. It is our intention to list only those specifications that meet our minimum requirements. If your product does not meet the specifications, quote as close to them as possible and note the variance. Our decision will not be based on these exact specifications alone. Please provide a brochure showing the features of your forklift so we can compare the various machines submitted.

Please direct any questions to:

Joseph Barden, PTF Supervisor, Waupaca County Solid Waste Department
