

Fentanyl Facts

Public Health
Prevent. Promote. Protect.

Waupaca County Public Health

4 out of every 10 pills with fentanyl contain a potentially **LETHAL DOSE**

The only safe pills are ones that are prescribed to you from a **licensed medical professional**

Conversations save lives. Talk to your loved ones about fentanyl and substance use

Pills purchased from social media, the internet or outside of a licensed pharmacy are illegal, dangerous, and **can be deadly.**
