

Fentanyl Facts

Public Health
Prevent. Promote. Protect.

Waupaca County Public Health

- Not all pills are real - you should only take pills you get from a pharmacist
- You can't see it, taste it, or smell it
- As little as two grains of salt is enough to kill someone
- Fentanyl is being pressed into pills and mixed into other drugs

Parents: Monitor your child's social media use, and talk to them about the dangers of fentanyl.
