### PRESS RELEASE – For Immediate Release

March 23, 2017

Wentzville residents and business owners, as well as our Mayor and Board of Aldermen all know how amazing our great City is – and others have taken notice, too! Just this week, Wentzville was recognized by the National Council for Home Safety and Security as the “15<sup>th</sup> Safest City in Missouri.”

When people choose to move to Wentzville they are choosing more than just a house, they are choosing a home in a safe city. They are putting down roots and becoming part of our growing community. We’ve worked hard to build a community that offers safety and security, exemplary schools, affordable and diverse housing, and expanding employment opportunities. We’ve worked hard to build a place that people want to call “home.”

*To identify the safest cities in Missouri, the National Council for Home Safety and Security reviewed the most recent FBI Uniform Crime Report statistics, along with population data (for cities with populations greater than 5,000) and internal research. Cities were ranked based on the number of reported violent crimes and property crimes, per 100,000 people.
