PRESS RELEASE – July 25, 2018 (For Immediate Release)

Electronics recycling helps conserve our natural resources, saves money and, most importantly, reduces e-waste in our landfills.

Do you need a way to properly dispose of old computers, modems, printers, cell phones, VCRs or other outdated or unused electronic items? You can recycle about 60 different items FREE during our second electronics recycling event of the year. This event also includes FREE secure document shredding!

This drive-thru and drop-off event is open to everyone and will be held at Wentzville's Heartland Park (100 William Dierberg Dr.), on Saturday, Aug. 25 from 9 to 11:30 a.m.

For a list of accepted FREE items, plus the six types of items that require a fee, please visit bit.ly/electronicrecyclingevent. Please note: smoke detectors and alkaline batteries will not be accepted. Accepted items and fees are subject to change. For questions, please call City Hall at (636) 327-5101.

###

The City of Wentzville provides day-to-day services that are essential to the function, effectiveness and efficiency of City operations. City departments work together to improve City services, programs, and events and to serve as a resource for its citizens and the community it serves. To learn more, please visit www.wentzvillemo.org.
