## Supports Strategic: Keeps the Lights on

- **Overview:** The rebuilding of the tennis/pickleball complex at Edwards Park is funded by an grant plus a \$100,000 match by the County. The contract for construction with NW Ga. Paving Co. is \$906,712.10. During construction and because of very shallow groundwater in the area, it was necessary to raise the grade of each court 3 inches in order to stay out of wet soils. County employees installed some of the concrete areas around the courts, for which we received credit from NWGP in the amount of \$25,875. The total change order, then, is \$53,685.80. The new contract value will be \$960,397.90. We have been approved for contingency funds through the grant for \$53,271.30, leaving \$414.50 to come from the general fund. This small amount will count toward our match, bringing the match total to date up to \$78,838.99.
