

The Deadline for Recital Registration is Saturday, October 29th, 2022!

Get the Perfect Fit

Follow these simple tips when you're ready to take body measurements.

- Have your dancers wear undergarments or a lightweight leotard with a bra that gives the bust line its typical shape for most accurate measurements.
- Have your dancer stand straight with their weight evenly distributed.
- The measurement tape should be snug but not too tight on circumference measurements and stretched tight for vertical measurements.

Getting the Measurements:

- **Girth** – Girth is the most important measurement when determining size! To measure girth, place a tape measure at the top of the shoulder where a leotard strap sits, then down through the crotch and back to the same shoulder. Measuring tape should be close to the body but not tight.
- **Bust/Chest** – Measure over the fullest part of your chest with your arms relaxed at your sides.
- **Waist** – Measure around where your waist naturally indents. Keep your finger between the tape and your belly.
- **Hips** – Measure around the fullest part of the hips and buttocks while standing with your heels together.
- **Inseam** – Measure from the crotch to the bottom. The inseam length is the number of inches, to the nearest half-inch.

WEISSMAN® SIZE CHARTS

How to measure:

- **Girth:** Girth is the most important measurement when determining size for dresses and leotards. Place measuring tape at the top of the shoulder, where straps sit. Bring tape under the crotch and back up to meet at the shoulder.
- **Chest:** Measure around the fullest part of the chest with arms relaxed.
- **Waist:** Measure around where the waist naturally indents. Keep a finger between the tape and belly.
- **Hips:** Measure around the fullest part of the hips and buttocks, standing with heels together.
- **Inseam:** Measure from crotch to floor, keeping tape against the leg. Round up to nearest half-inch.
