Thunder and Lightning

If thunder is heard or lightning is seen, the lifeguards will clear the outdoor pool area of all patrons. Patrons will be allowed back on the deck and in the water 30 minutes after the last sound of thunder and/or the last sight of lightning. If it is raining and there is no sign of thunder and lightning, the outdoor pool is to remain open. However, if the rain gets hard enough that the lifeguards can no longer see the bottom of the pool, the pool will be cleared. Patrons will be allowed back in the water once the bottom of the pool becomes visible.
