Pass Information

Why We Don't Offer "Memberships"

Cons of "Memberships"

Oftentimes with private gyms and fitness centers you are forced into a monthly contract and have to pay joining fees just for the opportunity to purchase a "membership." We believe in offering a simpler, more affordable approach to make it easier for everyone to access fitness facilities.

So What Do We Offer?

We offer a variety of pass options that do not require a contract, which include monthly and annual options. You can also walk in and just pay the general admission fee. Have your friends join you; they only have to pay the general admission fee as well. There are no hidden fees for guests.

- Register your UAV with the FAA and mark your UAV with your registration number;
- Fly the UAV under 400 feet and remain below any surrounding obstacles;
- Must maintain eyesight at all times, and use an observer to assist if needed;

Should a user receive permission, by operation of a UAV, the user is warranting to the Williamson County Parks and Recreation Department that the operator is competent and proficient in the operation of UAVs.

EXEMPTIONS

This policy shall not prohibit the use of any UAV by law enforcement, emergency response, public safety, or Williamson County agencies if the use is in accordance with the FAA rules and applicable laws and the use is to provide emergency response or law enforcement services.
